

SAFETY TIPS FOR HOLIDAY SHOPPING

- Try and shop during daylight hours and with a friend. There is safety in numbers!
- When shopping after dark, park in a well-lit and heavily travelled areas. Always be alert to your surroundings. Have your keys in your hand and remember where you parked.
- Do not leave purchased items visible in your vehicle. If you do put your packages in your vehicle while shopping, put them in the trunk and relocate your car to another area of the shopping center.
- Be wary of people that become overly friendly or distracting. Anyone who approaches you, especially if you are alone in a parking lot, may have criminal intentions.
- Only carry the cash and cards you expect to use and never leave your purse unattended.
- If your credit card is lost, stolen or misused, notify the credit card company immediately.
- Keep a record of all of your credit card numbers in a safe place.
- Be extra cautious when using ATM's. Use machines located in highly populated, well lit areas and be aware of your surroundings.
